INKTEC DESKTOP PRODUCTS

We, InkTec Co., Ltd., as one of the leading manufacturers in Korea, have been supplying various kinds of inkjet printing ink products to about 80 countries over the last 23 years. Since in 1992, we have been known as one of the research & development-oriented companies in inkjet printing industry. Unlike other ink suppliers who outsource ink products from outside, we design and manufacture various ink and related products with our own technology.

In order to meet customer's satisfaction, we always try to supply 'Total solution in Inkjet printing' such as Inkjet specialty media, a bulk ink system and printer parts.

In addition, all of the InkTec staff have continuously devoted to developing diverse products with InkTec vision, "A World-class Leading Company in Inkjet Applications." So, we can always provide high quality products and customized services to our valuable customers. Our integrated technology and stringent quality control ensure that the quality of InkTec products exceeds that of any counterparts on the market. InkTec will do our best to become your trustworthy partner for the future.

Do not miss your opportunity to grow with InkTec!

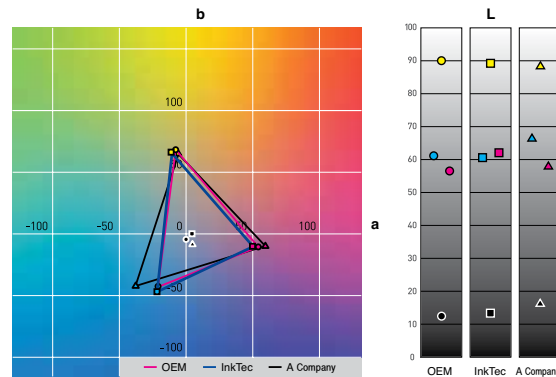

ABOUT INKTEC PREMIUM INK

REASONABLE PRICE, PREMIUM QUALITY, ADDITIONAL BENEFITS

Using our own pigment powder dispersion technology, we are capable of manufacturing the stable ink with the pigment dispersion of high solid content. Based on the dye and polymer molecular design and material synthesis technology, the optimized high performance ink is well mixed and manufactured.

01 HIGH INTENSE COLORS WITH WIDE COLOR GAMUT

Color gamut is a fixed range of color and tone that all our output devices. For objective and accurate measurement, InkTec measures the color quality and presentation using L*a*b* values of CIE, the international standard and most widely used. If the measured values are almost the same as that of OEMs, it means that the color presentation is equivalent to that of OEMs.

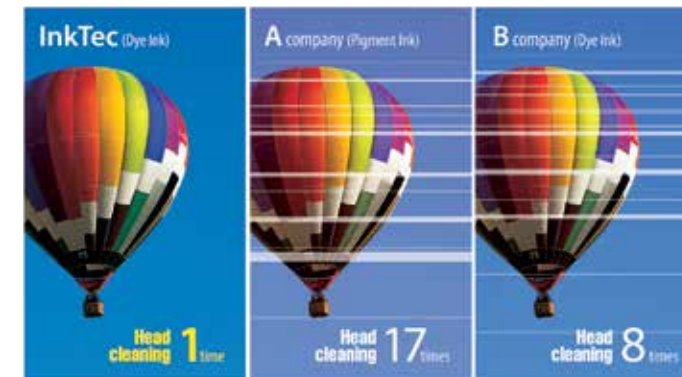

02 SUPERIOR LIGHTFASTNESS

This test evaluates the resistance of printed output against sunlight exposure. If Eab values show similar measurement when Eab values of original print is compared to that of in one year, it means that the colors would be faded less by sunlight.

03 SUITABILITY OF CONTINUOUS PRINTING

Continuous inks supply system (CISS) is the equipment that is able to supply the inks continuously to the cartridge from exterior tanks. Stable inks stream during the long term printing work are very important features that determine the quality of the inks. InkTec inks are specially formulated to suit a continuous inks supply system(CISS) and provide excellent printing quality.

The fewer number of head cleans indicates that the inks have a better ink stream and excellent printing quality during the long print runs.

04 PHYSICAL STABILITY IN EXTREME TEMPERATURES

Inkjet inks are sensitive to changes in temperature and humidity. High (Low) temperature makes the ink-viscosity lower (higher) than that was initially designed. These changes leads to deterioration in product quality. Therefore, these tests of endurance at high (low) temperature environment are a very important factor in determining the ink's quality.

Physical stability in extreme temperature	Company	Black	Cyan	Magenta	Yellow	Light Magenta	Light Cyan
Physical stability in 77°F - 140°F	InkTec	0.59%	0.31%	0.01%	2.10%	-0.13%	3.20%
	A Company	1.82%	0.50%	2.50%	-0.99%	-4.22%	3.45%
	B Company	-1.45%	3.81%	0.59%	-2.55%	0.91%	-0.30%
	C Company	1.10%	-1.36%	0.55%	4.20%	23.19%	19.17%
Physical stability in 32°F - 77°F	InkTec	0.01%	0.61%	1.10%	0.31%	0.21%	1.20%
	A Company	0.92%	-3.58%	0.00%	0.22%	-4.22%	2.24%
	B Company	-2.58%	-1.90%	2.59%	3.24%	-1.30%	1.20%
	C Company	0.55%	0.88%	1.20%	1.24%	-0.35%	2.22%

If the figures above in the table are close to 0%, the inks ensure stable inks stream and excellent print quality in extreme environments.

InkTec offers the superlative degree of ink products as well as total consulting services that are designed to support customers through our advanced technology in inkjet applications. 'Printing Consultant' represents our solemn promise that we will make a distinguished service provider with the value of customer satisfaction in the first priority. InkTec will be always on your side, making progress along with your success in business.

DESKTOP PRODUCTS

InkTec has been developing premium quality supplies for inkjet printers based on its extensive experience and technology, and we guarantee the quality of our products through our stringent quality assurance processes as well as cutting edge production technology.

In order to make InkTec cartridges compatible with all existing printers, we offer several different product lines and work to maximize customer satisfaction through after sales service and Management System.

ECONOMICAL ADVANTAGE

REFILL KITS, OFFERING MAX. 25 REFILLS MORE PROFITABLE THAN OEM CARTRIDGES

STRICT QUALITY ASSURANCE

SUPERIOR QUALITY IMAGES THROUGH PAGE-YIELD AND COMPARISON TESTS.

BRIGHT COLOR AND CLEAR IMAGE

OUR PREMIUM PIGMENT PARTICLES, THAT ARE COLORFUL AND REGULAR IN SIZE, MAKE HIGH QUALITY COLOR IMAGES.

REFILL KITS

Enjoy the quality and service of InkTec in more than 80 countries.

Since its foundation in 1992, InkTec has developed premium quality printer consumable supplies and has become one of the leading companies in this industry. The excellence of InkTec products has been verified by many independent organizations, both nationally and abroad. Choose InkTec as your future business partner.
